

## Video Assignment Project Management

### Objective:

To assess your problem-solving, leadership, and communication skills in a project management context.

### Instructions:

1. **Introduction:** Start your video by introducing yourself. Briefly mention your background in project management.
2. **Scenario Presentation:**
  - Situation: Imagine you are leading a project to launch a new product. Your team is not meeting up the deadlines, and you are left with a limited budget.
  - Challenge: During a critical phase, one of your key team members decides to leave the company, and a major stakeholder has just expressed dissatisfaction with the current progress of the project.
3. **Response Requirements:**
  - Analysis: Analyze the situation described. Discuss the potential impacts of these challenges on the project.
  - Strategy: Outline the strategies you would employ to address these issues. Consider aspects like team reorganization, stakeholder management, and schedule adjustments.
  - Communication: Explain how you would communicate these changes to your team and stakeholders to ensure continued support and alignment with project goals.
  - Outcome Projection: Predict the outcomes of your strategies and how they would steer the project back on track.
4. **Conclusion:**
  - Summarize the key points of your response.
  - Reflect on how your past experiences have prepared you to handle such situations.
